### ABOUT THE EVENT

Critical thinking is the art of analysing, processing and understanding information. Critical thinkers can draw reasonable conclusions from a set of information to distinguish useful (and useless) details for decision-making. But let's not forget the value of communication. Industry leaders must know how to entwine critical thinking and communication skills.

This interactive virtual workshop will provide you with the foundations for developing your strategic foresight, and enable a marriage between objective analysis and effective communication skills. Delve into practical critical thinking concepts, scenario development and analysis, and high level communication techniques to support you on your career ascent.

### WHO WILL ATTEND?

- High potentials and emerging leaders
- Middle to senior managers
- Experienced people leaders
- And those looking to further enhance their leadership acumen
