

PUBLIC SECTOR DATA VISUALISATION WORKSHOP

TOOLS, TECHNIQUES & STRATEGIES
TO CREATE SCALABLE, INTERACTIVE
& ACTIONABLE DATA VISUALISATION
SOLUTIONS

23 - 25
SEPTEMBER

ONLINE DELIVERY

EXPLORE

- ▶ Create scalable, interactive & actionable data visualisation solutions
- ▶ Understand the power of visual storytelling
- ▶ Simplify information & understand the story of your data
- ▶ Understand graph theory & colour theory
- ▶ Streamline your data assets
- ▶ Effectively organise your data & dashboards
- ▶ Design fundamentals for data visualisation & presentation
- ▶ Tool selection & software overview: Adobe Illustrator, After Effects, Tableau Desktop
- ▶ Data science & analytics strategy fundamentals
- ▶ Tackling challenges & creating solutions using data science & predictive analysis

ABOUT THE EVENT

Data can be the great enabler, but only in the right hands. Advances in technology have granted easy access to more data than ever before, but while we have the tools and capabilities for data handling and analysis, we often overlook the techniques to effectively display and communicate that data.

In a cluttered and competitive world, a design approach based on instinct or personal taste is no longer sufficient to cope with, let alone exploit, the fantastic opportunities our data repositories present us with. Data visualisation designs communication built on a sophisticated understanding of how our brains process information, including how colours and shapes can become powerfully influential tools.

This hands-on, interactive three-day program has been specially designed to provide the tools, techniques and strategies to create influential data visualisation. Learn how to declutter your data assets and implement scalable, automated, interactive and actionable data visualisation solutions for your organisation.

TRAINING DELIVERY AND PRE-COURSE QUESTIONNAIRE

This workshop will be delivered using a three tiered approach. The structure of each session is as follows:

1. Technical overview and review of research into the topic area under discussion
2. Practical application of management principles in the review of case studies, worked examples and interactive exercises
3. Discussion of outcomes and implementation issues

Workshop participants will have the opportunity to include comments and questions about issues outlined in the program by way of a pre-course questionnaire. This feedback will enable the course facilitator to adjust content accordingly. The workshop has limited places to allow for customisation, greater interactivity and for individual concerns to be addressed.

DAY ONE

Understand the power and purpose of data visualisation

- ▶ History of data visualisation, recent developments and future outlook
- ▶ Visualisation to drive decision-making for your department
- ▶ Knowing your why, and what your data needs to achieve

Tapping the five pillars of an organisation's data science and analytics maturity

- ▶ Making sense of your organisation's analytics capacity to create compelling data visualisation
- ▶ Plotting a roadmap from business strategy to data visualisation
- ▶ In-depth understanding of what makes successful organisations do data right

Deciphering key components of data visualisation

- ▶ Understanding graph theory and colour theory
- ▶ How different shapes and objects are perceived, and create meaning
- ▶ Practical interactive activities exploring use cases of data visualisation

Connecting the dots

- ▶ Assess various use cases and meaning of data vis solutions
- ▶ Inputting data effectively and the importance of tool selection
- ▶ Design fundamentals for data visualisation

YOUR FACILITATOR

Felipe is a leading advanced analytics and data science partner, helping teams build, manage and enhance their data science and visualisation solutions in a strategically-aligned, commercially-oriented and customer-centric way.

With extensive industry experience as well as analytical expertise, Felipe is often required by marketing, sales, finance, technology and strategy teams to provide support and to deliver robust analytical solutions that are easy to use, understand and implement. Felipe's unique methodology focuses on a holistic organisational approach to using data and science to improve performance and reduce costs.

Felipe Rego
Data Science & Analytics Partner

DAY TWO

Telling compelling action-oriented stories with data

- ▶ Learn the power of narrative, and how to effectively communicate with data
- ▶ Understand the power of visual storytelling
- ▶ Making the right graphical choices and controlling the narrative

Data design fundamentals and visualisation literacy

- ▶ Formats for data visualisation and presentation - chart types, animation, infographics
- ▶ Picking the right visual language to influence your audience
- ▶ Simplifying the data to tell your story more effectively

Software, tools and dashboards

- ▶ Explore information presentation tools and software options
- ▶ Differences between different types of visualisation, tools and best practice
- ▶ Overview of Tableau Desktop, Adobe Illustrator, After Effects, and more

Dashboards design and information hierarchy

- ▶ Selecting the right option and organising your data and dashboards
- ▶ Working with complex charts and data visualisations
- ▶ Creating a clear and accessible model

WORKSHOP SCHEDULE

- 8.30 - 9.00 Registration
- 9.00 - 10.40 Session One
- 10.40 - 11.00 Morning Tea
- 11.00 - 12.30 Session Two
- 12.30 - 1.30 Lunch
- 1.30 - 3.00 Session Three
- 3.00 - 3.20 Afternoon Tea
- 3.20 - 4.30 Session Four
- 4.30 Close of Workshop

DAY THREE

Data science and analytics fundamentals

- ▶ Explore the fundamentals of analytics behind high impact data visualisation
- ▶ Tackling challenges and creating solutions using basic data science
- ▶ Working with predictive analytics models and basic algorithms

An introduction to predictive analysis and insights automation

- ▶ Data science fuelling forecasting and optimising operations
- ▶ Explore machine learning solutions, market segmentation, recommendation engines
- ▶ Linking predictive analytics and insights to data visualisation

Scalable, interactive and actionable data solutions

- ▶ Explore common pitfalls and hurdles for successful operational management
- ▶ Ensure data model can be understood, maintained, and updated
- ▶ Ensure technical changes comply to strategy and best practice

Data visualisation in action

- ▶ Revisit main themes, tools, techniques and strategies
- ▶ Build a practical action plan to apply learnings to your organisation
- ▶ Group discussion, final reflections and insights

WHO WILL ATTEND?

- ▶ Data and Analytics
- ▶ Data Science
- ▶ Finance
- ▶ Performance / Reporting
- ▶ Business Analysis
- ▶ Business Intelligence

Registration Policy If you are unable to attend this event, you may send a substitute delegate in your place at no additional cost. Please advise us of any substitutions as soon as possible. Alternatively, you may transfer your registration to another event run by Liquid Learning Group Pty Ltd. A 10% service fee may apply. By confirming your registration you commit to pay the registration investment in full. Should you wish to cancel your registration, please notify us in writing as soon as possible and a credit note will be issued valid for use towards any future event held by Liquid Learning Group Pty Ltd in the twelve months following the date of issuance. Cancellation notifications received less than 14 days from the event running will receive a credit note to the value of the registration fee less a service fee of \$400 plus GST. Liquid Learning Group Pty Ltd does not provide refunds for cancellation. If your invoice is yet to be paid and you wish to cancel, payment must be processed and a credit note will be issued following receipt. The prices above are based on one person per registration. It is not possible for multiple people to attend within any day of the event on a single registration. Split tickets, i.e. a different person attending each day of the event, can be arranged. A fee will apply. Please call us for details.

Liquid Learning Group Pty Ltd takes all care to produce high quality events that deliver as promised. All advertised details are correct at time of publishing. However, when circumstances beyond our control prevail, we reserve the right to change program content, facilitators or venues. We also reserve the right to cancel or reschedule events if circumstances arise whereby performance of the event is no longer feasible, possible or legal. Liquid Learning Group Pty Ltd will not be responsible for any loss or damage arising from any changes to or cancelling or rescheduling of an event. If an event is cancelled or rescheduled, Liquid Learning Group Pty Ltd will make every effort to contact every registered delegate; if an event is cancelled or you are unable to attend the rescheduled event you will be issued with a credit note valid for use towards any future Liquid Learning Group Pty Ltd event held in the twelve months following date of issuance.
