ABOUT THE EVENT

Transformations in the Australian Public Sector have unlocked new and exciting opportunities for emerging women leaders to step up into senior executive roles. To successfully navigate this complex and ever-changing environment, leaders must possess keen insight into the internal and external challenges facing the sector, but also a clear understanding of themselves and the impact they have within their team, and the broader organisation.

Aspiring leaders in this environment must display reflective thinking, self-awareness, planning and strategy, but also the confidence and courage to put themselves forward for new opportunities.

This workshop will equip women with the tools and practical knowledge to build confidence in their leadership abilities and to best position themselves for career advancement. This hands-on, interactive learning session has been designed with both current and emerging leaders in mind. It aims to equip participants with a practical leadership plan they can use to navigate a successful career and advance to senior levels.
