ABOUT THE EVENT

Ongoing strategic transformations within the Queensland Public Sector means there is a greater need for leaders across all levels to foster new and innovative approaches to leadership. As such, emerging leaders eager to take their career to the next level must be equipped with the appropriate tools and strategies to achieve success and enable a high performing and future-focused sector capable of making a positive difference.

Aimed at AO 5-6 leaders, this two-day workshop will provide you with the opportunity to embody core skills and explore emerging leadership capabilities. You will explore the core attributes for successful leadership within the Queensland Public Sector, delving into the practical strategies to lead productive teams, improve decision-making and establish key skills of stakeholder engagement. A unique professional development opportunity to enhance and sharpen your unique skill set to unlock your full potential and take the next step in your career.

TRAINING DELIVERY AND PRE-COURSE QUESTIONNAIRE

This workshop will be delivered using a three tiered approach. The structure of each session is as follows:

1. Technical overview and review of research into the topic area under discussion
2. Practical application of management principles in the review of case studies, worked examples and interactive exercises
3. Discussion of outcomes and implementation issues

Workshop participants will have the opportunity to include comments and questions about issues outlined in the program by way of a pre-course questionnaire. This feedback will enable the course facilitator to adjust content accordingly. The workshop has limited places to allow for customisation, greater interactivity and for individual concerns to be addressed.
