## ABOUT THE EVENT

Ongoing transformation across the Tasmanian Public Sector drives the need for effective leadership performance across all levels. Responsive and adaptable leaders are critical to navigate this change successfully, and ensure the commitment to high level service delivery across the state. To step up as leader, you must be strategic, influential and take responsibility for highly complex projects, and successfully align organisational policies and strategies with the entire agency.

Aimed at Band 6-7 leaders, managers and officers, this workshop will provide you the tools to build autonomy in your teams and become an influential senior decision maker. Sharpen your unique skill set to unlock your potential and take the next step in your career. This intensive professional development opportunity will set you up to hone your existing leadership competencies and acquire new skills and strategies to achieve the leadership goals of tomorrow.

## TRAINING DELIVERY AND PRE-COURSE QUESTIONNAIRE

This workshop will be delivered using a three tiered approach. The structure of each session is as follows:

1. Technical overview and review of research into the topic area under discussion
2. Practical application of management principles in the review of case studies, worked examples and interactive exercises
3. Discussion of outcomes and implementation issues

Workshop participants will have the opportunity to include comments and questions about issues outlined in the program by way of a pre-course questionnaire. This feedback will enable the course facilitator to adjust content accordingly. The workshop has limited places to allow for customisation, greater interactivity and for individual concerns to be addressed.
