#### **ABOUT THE EVENT**

We are living in an ever-changing and uncertain world. Responsive and adaptable leaders are more important than ever before to ensure the commitment to continual high level service delivery even through uncertain times. To step up as a leader, you must be strategic, influential and take responsibility for highly complex projects, and successfully align organisational policies and strategies with the entire agency.

Aimed at Band 6-7 leaders, managers and officers, this workshop will provide you the tools to build autonomy in your teams and become an influential senior decision maker. Sharpen your unique skill set to unlock your potential and take the next step in your career. This intensive professional development opportunity will set you up to hone your existing leadership competencies and acquire new skills and strategies to achieve the leadership goals of tomorrow.

## TRAINING DELIVERY AND PRE-COURSE QUESTIONNAIRE

This workshop will be delivered using a three tiered approach. The structure of each session is as follows:

- 1. Technical overview and review of research into the topic area under discussion
- 2. Practical application of management principles in the review of case studies, worked examples and interactive exercises
- 3. Discussion of outcomes and implementation issues

Workshop participants will have the opportunity to include comments and questions about issues outlined in the program by way of a pre-course questionnaire. This feedback will enable the course facilitator to adjust content accordingly. The workshop has limited places to allow for customisation, greater interactivity and for individual concerns to be addressed.
